Job target

Frontend / Full-Stack / Java Developer (Entry-level)

Graduation: June 2025

CGPA: 7.1 / 10

Professional Summary

Enthusiastic Engineering Graduate (June 2025) with internship experience in full-stack web development. Proficient in **React.js, JavaScript (ES6+), HTML, CSS, Tailwind CSS, Node.js, Express, MongoDB**, and RESTful API integration. Hands-on experience deploying web apps on **Vercel** and using **Git/GitHub** in Agile workflows. Strong foundation in **Data Structures, Algorithms and SDLC**. Seeking entry-level roles as *Frontend Developer | Full-Stack Developer | Java Developer (Fresher)*.

Technical Skills

Frontend: HTML, CSS, JavaScript (ES6+), React.js, Tailwind CSS, Responsive Design

Backend & APIs: Node.js, Express.js, RESTful API design, JSON, Postman

Databases: MongoDB, MySQL, Firebase

Languages & Tools: Java, Python, Git, GitHub, Vercel, VS Code, npm

Experience

Web Development Intern

IT INFO Academy, Sangli

Jul 2024 — Oct 2024

- Built and optimized responsive UI components using HTML, CSS and JavaScript; introduced Tailwind utility classes where applicable.
- Improved page load performance by **25%** through image optimization and code-splitting.
- Wrote and tested RESTful API integrations and used Postman to validate endpoints.

Selected Projects

E-Kart — Full-Stack E-commerce Website (Team Project)

React.js • Node.js • Express • Firebase • Tailwind CSS

- Developed a responsive e-commerce web app with user authentication and product management APIs.
- Implemented RESTful APIs on Node/Express and integrated Firebase for authentication and hosting.
- Optimized frontend performance to reduce load time by **30%**. Deployed front-end on Vercel.
- Live demo: e-kart-frontend-tau.vercel.app

Flipkart Clone — Responsive Frontend

HTML • CSS • Tailwind CSS

- Built a responsive product listing layout with filters and mobile-first UI.
- Project link: [flipkart-clone](#)

Weather Forecasting App

HTML • CSS • JavaScript • WeatherStack API

- Integrated WeatherStack API to display current weather for multiple locations.
- Project link: [weather-forecasting](#)

Calculator

HTML • CSS • JavaScript

- Developed an interactive calculator featuring 8 core mathematical functions using JavaScript, ensuring 95% of test cases passed, and resulting in the most efficient JS logic in the team.
- Project link: [calculator](#)

Education

Bachelor of Engineering — Electronics & Computer Science

Dr. Babasaheb Ambedkar Technological University, Lonere

Graduation: June 2025 | CGPA: 7.1 / 10

Relevant Coursework: Data Structures, Algorithms, DBMS, Operating Systems, Computer Networks

Certifications

- Certified Python Language (2023)
- Certified Java and JDBC (2024)
- Web Development Bootcamp (2024)

Achievements

- Shortlisted and appeared for Cognizant Technical Assessment — Java Cluster (2024)
- Developed and deployed 5+ full-stack applications with positive user feedback.
- Top performer in Web Development Internship at IT INFO Academy (2024)
